## Junior Tournaments Standings *Ställning i juniortävlingar*

### What are Standings Points? *Vad är ställningspoäng*

Stockholm's Chess Federation (StSF) conducts a series of tournaments for Juniors: Junior Grand Prix (JGP) and Junior District Championships (JDM). **Standings** refer to the current ranking or placement of players based on their performance throughout these tournaments. These tournaments are divided into "classes" of play A-F. *Stockholms schackförbund (StSF) arrangerar en serie turneringar för juniorer: Junior Grand Prix (JGP) och Junior-DM (JDM). **Ställning** betyder spelarens nuvarande placering baserat på resultat i turneringarna. Klasserna delas in från A till F.*

In JGP tournaments the classes A-D are based on the Swedish school years, whereas E & F are beginners groups with and without clocks for younger players (ages 9 and under). In JDM tournaments there are no beginners groups. The matches are usually 7 rounds in the Swiss format (winner meets winner), but can be switched to round-robin by the organizer if there are too few players. *I JGP-turneringar baseras klasserna A-D på svenska skolår. Klasserna E och F är för nybörjare, med och utan klocka, för yngre barn (9 år och yngre). I JDM finns inga nybörjargrupper. Matcher spelas vanligtvis i 7 ronder enligt schweiziskt system, men kan bli berger om det är få spelare.*

For more details on the tournaments and classes, please refer to the [guidelines document](#). *För mer information om turneringar och klasser, se [riktlinjedokumentet](#).*

### Points in a Tournament *Poäng i en tävling*

For each match in a tournament, participant get 1 point for a win, 0.5 for a draw and 0 for a loss. They also receive **quality points, which are the sum of all of their opponents points**<sup>1</sup>. As the tournament progresses, players are sorted by points and then by quality points (tie-breaker). This determines the ranking within the class within the tournament. *För varje match får man 1 poäng för vinst, 0.5 för remi och 0 för förlust. Man får också kvalitetspoäng, som är summan av motståndarnas poäng<sup>2</sup>. Spelare sorteras efter poäng och sedan kvalitetspoäng.*

Often two players have the same number of points and quality points but one player is consistently shown above the other in rankings. The order is determined by the [rules of the Swedish Chess Federation](#) (see section 7.2.2):

1. If the players with equal scores have met the winner is listed first
2. Player with more wins is listed first
3. Player who has played more matches as black is listed first
4. A lottery as determined by the organizer

*Ofta har två spelare samma poäng och kvalitetspoäng, men en visas ändå överst. Ordningen bestäms av Sveriges Schackförbunds regler (avsnitt 7.2.2):*

1. *Har spelarna mötts listas vinnaren först*
2. *Flest vinster listas först*
3. *Flest partier med svart listas först*
4. *Lottning bestäms av arrangören*

This information is encoded into the computed quality points of each player, but only a rounded value is shown on screen. These rules and their encoding also includes "free rounds", walkovers, unplayed games etc as listed in the federation rules. In the event something is not covered there, [Tie-Breaking Regulations of the FIDE Handbook](#) apply. Paragraph 16 covers unplayed games. *Detta kodas in i beräknade kvalitetspoäng, men bara avrundade värden visas. Reglerna täcker också frirond, w.o., ospelade partier etc. Om något saknas gäller FIDE:s särskiljningsregler, särskilt paragraf 16.*

Therefore the tournament points are considered as the base of calculation of the standings points. *Turneringspoäng används därför som grund för att räkna ut poäng i ställningen.*

<sup>1</sup> In the final round the lowest score is removed. This is called **Buccholz / Cut-1**.

<sup>2</sup> I sista ronden tas lägsta poäng bort. Det kallas **Buchholz / Cut-1**.

### Age-groups and Dispensations *Åldersklasser och dispenser*

In the interest of fairness, players must play only in the class as determined by their age-group as published in the tournament invitation. Based on performance, some players are given a special dispensation to play in a higher class. Any player who plays in an incorrect group is penalised in the standings. *För rättvisa måste spelare delta i den klass som motsvarar deras åldersgrupp enligt inbjudan. Vissa kan få dispens att spela i högre klass. Felaktigt deltagande leder till avdrag i ställningen.*

### Standings Points *Ställningspoäng*

Some players are filtered out from the calculations for each tournament:

- Only players who are a member of a club in the Stockholm district are eligible
  - It does not have to be the main club for the player
- In the JGP series, classes E & F are dropped
- Players who have only walkovers are dropped
- Players who registered but did not play are dropped

*Vissa spelare räknas inte med i beräkningen:*

- *Endast medlemmar i en klubb inom Stockholms distrikt får räknas*
  - *Det behöver inte vara spelarens huvudklubb*
- *I JGP räknas inte klasser E och F*
- *Spelare som bara har w.o. tas bort*
- *Spelare som anmält sig men inte spelat tas bort*

Players are then grouped by age into the following groups:

- 16-20 years
- 14-15 years
- one group each for 13, 12, 11, 10, 9 years
- 8 years and younger

*Spelare delas in efter ålder:*

- 16–20 år
- 14–15 år
- En grupp för varje av 13, 12, 11, 10, 9 år
- 8 år och yngre

After filtering, players are sorted by points and quality points and these standings points are assigned from the top: 25, 22, 20, 18, 16, 14, 12, 11, 10, 9, ... 1

*Efter filtrering sorteras spelarna efter poäng och kvalitetspoäng. Ställningspoäng ges uppifrån: 25, 22, 20, 18, 16, 14, 12, 11, 10, 9, ... 1*

Standings points tie-breaking rules are:

1. Players who played **fewer** tournaments are listed first
2. Younger players are listed first

*Särskiljning av ställningspoäng:*

1. **Färre** spelade turneringar prioriteras
2. Yngre spelare prioriteras

Remaining players are given 1 point each, for participation. The exception is players who played in the wrong class without a dispensation – these players are given 0 standings points. *Resterande spelare får 1 poäng för deltagande. Spelare som spelat i fel klass utan dispens får 0 poäng.*
